Compac[®] Contemporary

Based on our original Compac III with all of its benefits, these units deliver a cleaner, more contemporary look. With a smooth-face finish and beveled edges, Compac Contemporary enhances the linear appearance of your wall.

All structural units are interconnected using high-strength fiberglass pins for strong shear connection, just like the original Compac III.

Compac Contemporary units are PennDOT Bulletin 15, MDOT, VDOT and ICC Evaluation Service Approved.
