Contemporary Stepping Stone[™]

Linear. Clean. Timeless.

Our new 18"x48" Contemporary Stepping Stone brings modern design and everyday function together. Its elongated profile creates a sleek, directional flow that elevates any outdoor space.

VERSATILE BY DESIGN. BUILT FOR OUTDOOR LIVING.

One simple form. Endless possibilities.

MODERN PATHWAYS

Create clean, linear walkways that guide guests with style and intention.

POOL & SPA AREAS

Add sleek, slip-resistant surfaces around pools and spas that stay cool underfoot.

OUTDOOR LIVING

Connect patios, fire features and seating areas with a cohesive, elevated look.

GARDEN FEATURES

Use as a floating path through garden beds, groundcover or ornamental rock.

SIDE YARDS/ACCESS

Define side yard walkways and access points with a clean, minimal footprint.

THE ADVANTAGES

Versatile Installation - Perfect for a variety of applications and layouts.

Durable & Low Maintenance - Made from high-quality, through-color concrete for long lasting performance with minimal care.

Slip-Resistant & Weather-Ready - Built to perform in all seasons and conditions.

Mud & Mess - Provides a clean, stable path across lawn or soil, reducing tracked-in dirt.

Outdated Surfaces - Instantly modernizes tired landscaping with a minimal, high-end look.

Tripping Hazards - Large format means fewer pieces, more stability, and easier navigation.
