Fortus 12D®

An Easy-to-Lift, Versatile Wall System

With its multi-purpose hollow core design, Fortus 12D retaining wall blocks deliver easy-to-install lightweight units with outstanding drainage capabilities.

These durable blocks are equipped with built-in patented SureGrip™ handholds that prioritize easy lifting and versatile, cost-efficient installations. A rear lip for alignment makes installation faster.

The Fortus 12D system's versatility achieves modern, resilient retaining wall features including gravity or geogrid walls, elegant curves, corners, steps and pillar designs. And with its lighter weight, installation proceeds much faster.

Fortus 12D units are produced in accordance with ASTM C 1372.
